Send receipts for any tax credits redeemed on the Premium Tax Return. When no receipt accompanies the tax return, **SUCH AMOUNT WILL NOT BE ALLOWED** as a credit against premium taxes or will not be included in the total of the Missouri column of page 4. To receive credit for the disallowed amounts you must send appropriate receipts to the Missouri Department of Insurance, Financial Institutions, and Professional Registration. In addition to providing receipts, you must claim your credits on the appropriate credit lines of the return. Any discrepancies may delay the use of your credits.

Tax returns are due March 1. **No authority** exists for granting extensions of time for filing 2006 return or for payment of annual taxes or the quarterly installments due. The 2006 quarterly installments due were 25% of the prior year's tax per Missouri Statute. All quarterly installment payments were due March 1, June 1, September 1, and December 1. The fifth reconciling payment of the certified 2006 annual taxes will be included on your June 2007 assessment. You will receive your notice of assessment of 2007 quarterly tax installments due from the Department of Revenue for these dates except March. The March blank assessment has been included with this return in the annual statement packet. **Please use these assessments to submit payments to the Missouri Department of Revenue.**

Only one copy of the return needs to be filed with the Missouri Department of Insurance, Financial Institutions and Professional Registration at P.O. Box 690, Jefferson City, MO 65102-0690. **DO NOT** file a copy of this return with the Missouri Department of Revenue. Be sure you have included your 9-digit NAIC number on the premium tax return and on ALL quarterly assessment forms.

Claims for refund of overpayment of tax must be filed with the Missouri Department of Revenue pursuant to 136.035 RSMo.

Staple a copy of your Missouri Supplement to Page 25 (MO 375-1802), a copy of your Missouri Page 25 and Schedule T from your Annual Statement to this return.

Report the amount of Missouri direct premiums received, either in cash or notes, or both, and report the amount of dividends allowed policyholders for the year ending December 31, 2006. Missouri does tax commission retained by agents. This must be included with your direct premiums written.

After January 1, 1987, Missouri no longer taxes annuities. The tax return includes a line to report the annuity considerations received by your company and another line to deduct this amount out of taxable premium. Companies who have a Flexible Premium Deferred Annuity account on which prior tax had been deferred must continue to file the FPDA report and make payment of tax due on that account with respect to annuity considerations received before January 1, 1987.

RETALIATORY COMPARISON (375.916 RSMo.)

In order to compute the retaliatory tax due, the Missouri Department of Insurance, Financial Institutions, and Professional Registration requires that you file with this Department a tax return that a hypothetical Missouri insurance company would be required to file in your state of incorporation. Complete the return using the amount and mix of premiums that you are writing in **Missouri**. This return is to accompany your Missouri tax return on March 1st.

The retaliatory portion of the Missouri tax return compares the aggregate burden which would be placed upon your company by the State of Missouri with the aggregate burden which would be placed by your state of incorporation upon a hypothetical Missouri company doing the same amount of business that your company is doing in Missouri. Include ALL taxes, license fees, assessments, etc. that would be payable by a Missouri company doing business in your state during 2006.

Agent information on line 4 should reflect the Insurance Producers Report you submitted to us on or before February 10, 2007. Please include the fees charged by your state for new appointments, terminations, and renewals in your state of incorporation column, see page 8.

Examination fees — If in your state of incorporation the insurer bears the cost of examinations, examination fees would be a burden upon a Missouri company operating in your state. Examination fees paid to the State of Missouri should be listed on line 10 in both the Missouri column and state of incorporation column. Alternatively, you may calculate the cost of examinations such as those which were conducted for your company operating in Missouri for a hypothetical Missouri company of a comparable size operating in your state of incorporation. This calculation should be based upon the number of man-hours required for the Missouri examination. This calculation, rather than the Missouri examination fee cost, may be listed on line 10 in the state of incorporation column. Should you choose to calculate the cost of examination for a hypothetical Missouri company operating in your state, you should show your calculations of this amount.

Foreign Life Insurance Companies — Your Annual Renewal Fees paid on July 1, 2006 were \$800. You should receive an invoice for the 2007 Annual Renewal Fee approximately June 1, 2007. DO NOT include this amount with your tax payment.

Please report ALL taxes, fees, and assessments to which a Missouri company operating in your state would have been subject to during the 2006 calendar year.

4. ASSOCIATION GROUPS					
5. FICTITIOUS GROUP TRUSTS					
6. BLANKET GROUPS					

Section 148.390 RSMo., allows health benefits paid “for the benefit of some or all of the employees of one or more employers or for the benefit of the members of a union or unions, whether or not such benefits are payable through a trustee” to be deducted from the gross amount of premiums received on those policies. This deduction does not include all group business. Only lines 1, 2 and 3 above will be considered for benefit deductions.

- 1) Employer groups - the master policy is issued to the employer and the coverage extends to employees of that employer or employees of recognized subsidiaries of the employer.
- 2) Union groups - the master policy is issued to the Union Board of Directors or a designated trustee. Coverage extends to dues paying members of the trade or labor union.
- 3) Multiple Employers Trusts - the group exists under a trust agreement. The trustee holds the master policy and certificates of coverage are issued to employees of small employers. Usually the employer will be a business with five (5) or less employees. Such trusts may have numerous small businesses participating in the insurance plan.
- 4) Association groups - this group consists of dues paying members of a recognized association. The association has by-laws and exists for reasons other than obtaining insurance.
- 5) Fictitious group trusts - this group has no real nexus and is used only for the purpose of obtaining or distributing insurance. The master policy is issued to a trustee pursuant to a contract with the underwriting insurer. Certificates are then issued to any individual who applies to the trust for insurance.
- 6) Blanket groups - a blanket policy is issued to a single policyholder. The policy insures all individuals meeting the eligibility requirements set out in the policy. The insurer may not receive a name list of insureds. The group consists only of the class subject to the hazard insured against in the policy. (i.e. student accident, sports teams, scout troops.)

Not all policies reported on line 24 of the annual statement Missouri page 25 have benefits paid that are eligible under section 148.390 RSMo. Only benefits payments “on policies or contracts providing health insurance benefits for the benefit of some or all of the employees of one or more employers or for the benefit of the members of a union or unions” are eligible for section 148.390 credit. For example, benefits paid under credit disability and disability income (benefit payments are not health insurance benefits) are not eligible for section 148.390 credit.

A copy of your Supplement to MO Page 25 MUST be attached in order to allow this deduction.
