Honorable Angela L. Nelson, Director
Missouri Department of Commerce and Insurance
301 West High Street, Room 530
Jefferson City, Missouri 65101

Director Nelson:

In accordance with your financial examination warrant, a full-scope financial examination has been made of the records, affairs, and financial condition of

New Horizons Insurance Company of Missouri (NAIC#12345)

hereinafter referred to as such, as NH, or as the Company. Its administrative office is located at 701 South Country Club Drive, Jefferson City, Missouri, 65109, telephone number (573) 893-1400. This examination began on February 27, 2024, and concluded on the above date.

SCOPE OF EXAMINATION

Period Covered

The Missouri Department of Commerce and Insurance (Department) has performed a multi-state financial examination of NH. The last examination of the Company covered the period of January 1, 2015, through December 31, 2018. This examination covers the period of January 1, 2019, through December 31, 2023, as well as a review of any material transactions and events occurring subsequent to the examination period through the date of this report.

Procedures

We conducted our examination in accordance with the National Association of Insurance Commissioners (NAIC) *Financial Condition Examiners Handbook (Handbook)*, except where practices, procedures, and applicable regulations of the Department or statutes of the state of Missouri prevailed. The *Handbook* requires that we plan and perform the examination to evaluate the financial condition, assess corporate governance, identify current and prospective risks of the Company, and evaluate system controls and procedures used to mitigate those risks. An examination also includes the identification and evaluation of significant risks that could cause the Company's surplus to be materially misstated, both on a current and prospective basis.

This examination also included a review of significant estimates made by management and evaluation of management's compliance with Statutory Accounting Principles. The examination does not attest to the fair presentation of the financial statements included herein. If, during the course of the examination an adjustment is identified, the impact of such adjustment will be documented separately following the Company's financial statements.

All accounts and activities of the Company were considered in accordance with the risk-focused examination process. Those activities considered in the examination as key to NH included cash and investments, reinsurance, claims handling and reserving, related party, and premiums and underwriting. The examination also included a review and evaluation of information technology general controls.

This examination was performed concurrently with the Department’s examinations of NH’s parent companies, Farm Bureau Town & Country Insurance Company of Missouri (FBTC), Farm Bureau Life Insurance Company of Missouri (FBL) and NH’s affiliate, Legacy Life Insurance Company of Missouri (LLIC). The insurance entities are collectively referred to as the “Missouri Farm Bureau Companies” or “Companies” in this report.

This examination report includes significant findings of fact, as mentioned in section 374.205 of the Revised Statutes of Missouri (RSMo) (Examination, director may conduct, when...) and general information about the Company and its financial condition. There may be other items identified during the examination that, due to their nature (e.g., subjective conclusions, proprietary information, etc.), are not included within the examination report but are separately communicated to other regulators and/or the Company.

SUMMARY OF SIGNIFICANT FINDINGS

There were no material adverse findings, significant non-compliance issues, or material changes to the financial statements noted during the examination.

Holding Company, Subsidiaries, and Affiliates

The Company is a member of an Insurance Holding Company System, as defined by section 382.010, RSMo (Definitions). FBTC and FBL share ownership of NH. MFB-Federation, the ultimate parent company of the holding group, is a not-for-profit membership group that promotes the interests of its member farmers and the agriculture industry. MFB-Federation offers members insurance coverage through its varied affiliates organized under a shared services holding company, MFB-Services. Under the terms of a service agreement, MFB-Services provides management, administrative, office, and data processing services to its subsidiaries, including NH.

Below is a description of the business operations of affiliated entities:

- **Farm Bureau Life Insurance Company of Missouri** – FBL is a life insurance company that offers individual whole life, term life, and annuity products.
- **Farm Bureau Town & Country Insurance Company of Missouri** – FBTC is property and casualty insurer that writes primarily homeowners, farmowners, automobile physical damage, and automobile liability lines of business.
- **Legacy Life Insurance Company of Missouri** – LLIC offers products very similar to those currently offered by FBL, focusing on term and whole life insurance marketed to the Spanish-speaking population. Product offerings in states other than Missouri will be marketed directly to the consumer via electronic platforms.
- **Missouri Farm Bureau Insurance Brokerage, Inc.** (MFB-Brokerage) – MFB-Brokerage manages the Missouri Farm Bureau Companies' exclusive multi-line agency workforce. Any risks for lines of business not written by the Companies are placed with third-party insurers. Coverages offered range from workers' compensation, non-standard automobile, professional liability, individual and group health products, disability, Medicare supplements, long-term care, and many specialty coverages.

- **Missouri Agricultural Marketing Association, Inc.** – A dormant entity that had no business operations during the examination period.
- **FS, LLC** – An entity formed in 2006 for the sole purpose of holding ownership to the main office building in Jefferson City, Missouri. Ownership of the building was transferred from MFB-Federation to FS, LLC at the time of its formation to provide tax advantages that could not be utilized by MFB-Federation.

Organizational Chart

The following organizational chart depicts the holding company group as of December 31, 2023. All entities are incorporated / domiciled in Missouri.

The following agreements represent significant contracts executed with affiliated entities that were in effect as of December 31, 2023. A brief description of these agreements are as follows:

Service Agreement: This agreement, effective January 1, 2018, is between FBL, FBTC, NH, LLIC, MFB-Brokerage, and MFB-Services. Per the agreement, FS, LLC provides office space to accommodate the business operations of the entities under this agreement. The rent due under the agreement is billed monthly and payable within thirty days. Rents are computed on a pro-rata basis using assigned square footage as the basis.

Under the terms of the agreement, the entities will share and allocate the following costs: underwriting, sales, sales contests, promotional events, agents' payroll, Partners for Growth Program, and operational expenses.

Allocation of Consolidated Tax Liability Agreement: This agreement, effective October 1, 2016, is between MFB-Services, FBTC, FBL, MFB-Brokerage, NH, LLIC, and Missouri Agriculture Marketing Association. Per the agreement, each member of the group agrees to pay its share of the consolidated federal income tax liability as allocated among the members under the rules provided by the Internal Revenue Code.

TERRITORY AND PLAN OF OPERATION

NH is licensed in Missouri under Chapter 379 RSMo (Insurance Other Than Life). The Company is also licensed in Nebraska, Nevada, New Mexico, Ohio, and Oklahoma. As of the examination date, only writes business in Missouri and Nebraska. The Company and its 50% parent, FBTC, have a combined business plan. FBTC writes the preferred property risks and automobile business in Missouri. NH specializes in providing property insurance for members that do not qualify for insurance under FBTC's underwriting standards. As a result of this strategy, the Company generally insures higher risk properties and policyholders with sub-standard claims history. The majority of policyholders are located in rural areas, and the policyholder must be a member of the ultimate parent, MFB-Federation, in order to be insured. This requirement results in a high percentage of policies in sparsely populated farming regions. Additionally, NH broadened its marketing efforts to develop products and services to appeal to the Spanish-speaking market demographic in Missouri and Nebraska.

Business for NH is produced by a captive agency sales force that is either employed by or contracted by its affiliate, Missouri Farm Bureau Insurance Brokerage, Inc. MFB-Brokerage had 292 licensed producers throughout the 114 counties in Missouri as of December 31, 2023. The agents market and distribute products for the Missouri Farm Bureau Companies. Any risks for lines of business not written by Companies are placed with third-party insurers. Product offerings in states other than Missouri will be marketed directly to the consumer via electronic platforms.

GROWTH OF COMPANY AND LOSS EXPERIENCE

The table below summarizes the NH's premium writings and writing ratios for the period under examination. The significant decrease in premium in 2019 was largely due to an assumed reinsurance contract with Barton Mutual Insurance Company that was terminated at the end of 2018. The Company committed to significant rate increases for homeowners, personal automobile, and commercial automobile in 2022 and 2023, which contributed to the increase in premium writings.

Year	Net Premiums Written	Change in Net Premiums	Capital and Surplus	Ratio of Net Premiums to Surplus
2019	\$ 9,364	\$ (10,167)	\$ 35,187	26.6%

The table below summarizes the Company's incurred losses and loss ratios for the period under examination. A heavier-than-normal amount of convective storm damage in Missouri in 2023 led to increased losses and loss adjustment expenses (LAE).

(\$000s omitted)

2019	\$ 8,909	\$ 4,568	51.3%

Assumed Reinsurance

The Company has a property and auto catastrophe reinsurance agreement with affiliate FBTC. Under the agreement, the Company assumes losses of \$5 million in excess of a \$20 million retention. This agreement was terminated effective January 1, 2024.

The Company assumes business from American Agricultural Insurance Company (American Ag) on a retrocessional basis. American Ag has underlying reinsurance agreements to assume property catastrophe risks from Farm Bureau companies, including NH and FBTC. NH and the other Farm Bureau companies assume varying percentages of American Ag's assumed liabilities under multiple pooling agreements, as listed below:

- NH assumes a 4% share of \$75 million in excess of \$25 million of a reinstatement premium protection pool.
- NH assumes a 2.25% share of \$56 million in excess of \$4 million retention with a \$31.5 million annual aggregate deductible under a property and auto catastrophe pool agreement.
- NH and FBTC collectively assume a 7.07% share of the terrorism catastrophe pool, and the pool's aggregate liability under the agreement is \$35 million.

Ceded Reinsurance

The Company and FBTC cede business to American Ag through separate property and liability reinsurance agreements.

Property reinsurance coverage includes per risk and catastrophe excess of loss. Under the property per risk and coded excess agreement, coverage is \$29.4 million in excess of \$600,000. Under the property and auto catastrophe agreement, coverage is \$105 million in excess of \$25 million. Two additional overlaying catastrophe agreements that are shared with other Farm Bureau companies are also in effect. Collectively, catastrophe coverage is up to \$173 million in excess of \$25 million per occurrence.

Liability risks are reinsured through excess of loss and quota share agreements. Under the liability and umbrella excess of loss agreement, coverage is \$30 million after a retention of \$900,000 for liability coverages and \$1.2 million for umbrella policies. Umbrella liability risks under this agreement are limited to \$5 million. Under the umbrella quota share agreement, the Companies cede 100% of risks in excess of \$5 million.

The Company is contingently liable for all reinsurance losses ceded to others. This contingent liability would become an actual liability in the event that an assuming reinsurer fails to perform its obligations under the reinsurance contract.

ACCOUNTS AND RECORDS**Independent Auditor**

The certified public accounting (CPA) firm, Williams-Keepers, LLC (WK), in Jefferson City, Missouri, performed the statutory audit of the Company for all years in the examination period years. Reliance was placed upon the CPA workpapers as deemed appropriate. Such reliance included, but was not limited to, narrative descriptions of information technology processes and controls, internal control and substantive testing relating to investment, claims, reserves, underwriting, premium activities, and fraud risk analysis.

Actuarial Opinion

The Company’s actuarial opinion regarding loss reserves, loss adjustment expense reserves, and other actuarial items was issued by Kathryn R. Koch, FCAS, MAAA, for 2021 through 2023. Ms. Koch is employed by Lewis and Ellis, LLC in Overland Park, KS. Dustin Gary, FCAS, MAAA with Centric Actuarial Solutions in Overland Park, KS, issued the actuarial opinion in 2019 and 2020.

Consulting Actuary

Pursuant to a contract with the Department, Kristine M. Fitzgerald, ACAS, MAAA, FCA, of Actuarial & Technical Solutions, Inc., reviewed the underlying actuarial assumptions and methodologies used by NH to determine the adequacy of loss reserves and LAE reserves. Ms. Fitzgerald determined that the Company made a reasonable provision for the loss and LAE reserves that were reported in the statutory financial statements, as of December 31, 2023.

Information Systems

The Department also engaged a third-party firm, Examination Resources, LLC (ER), to perform a review of the Group’s information technology systems, policies, and procedures. ER’s work was completed under the supervision of Kimberly Dobbs, CFE, AES, CISA, Information Systems Examiner-in-Charge for the Department.

FINANCIAL STATEMENTS

The following financial statements are based on the statutory financial statements filed by the Company with the Department and present the financial condition of New Horizons Insurance Company of Missouri for the period ending December 31, 2023. The accompanying comments on financial statements reflect any examination adjustments to the amounts reported in the financial statements and should be considered an integral part of the financial statements.
