RE: Missouri Market Conduct Examination #0903-11-TGT
Mercy Health Plans of Missouri, Inc. (NAIC #95309)

Dear Ms. Kerr:

This letter is Mercy Health Plans of Missouri's (MHP) formal response to the draft market conduct examination report dated May 27, 2010 submitted by Jim Mealer. I will respond to the findings in that draft market conduct examination report in the order presented in the report.

I. UNDERWRITING AND RATING PRACTICES

A. Forms and Filings

MHP acknowledges that the examiners found no issues or concerns with MHP's policy and contract forms in regard to compliance with filing, approval and content requirements.

II. CLAIMS PRACTICES

A. Unfair Settlement and General Handling Practices

1. Improperly Denied Claims

A. MHP acknowledges that the percentage of errors at 12% were outside of department guidelines. Also, MHP recognizes the 62 claims found to be in error by the examiners have been re-processed and paid.

B. MHP acknowledges that the 36 denied claims found by the examiners to be in error regarding the denial code of "OONC" (representing out-of-network claims) have been re-processed and paid.

C. MHP acknowledges that the 64 claims denied due to claim check edits 801, 828, 826, 829, 809 and 203 have been re-processed and paid and that MHP has disabled the claims check edits to ensure similar denials will not occur in the future.

D. MHP recognizes that the 7 claims found to be in error by the examiners have been re-processed and paid. However, the company reiterates its objection to the examiner's findings that the claims or services that were not listed or priced by DESE constituted an error on part of MHP. When there is no applicable CPT, HCPCS code or fee per unit of service published by DESE, or Medicaid rate in existence, it seems reasonable that MHP would interpret these as not covered by DESE and not covered per 376.1218 RSMo. Despite MHP's objection, MHP did reprocess and pay these claims at issue.

III. CRITICISMS AND FORMAL REQUESTS TIME STUDY

MHP recognizes that 100% of MHP responses were within the statutory time frames for both the Criticisms Time Study and Formal Request Time Study.

Finally, MHP acknowledges and appreciates the comment by Mr. Korte that he appreciated the "courteous cooperation" of the officers and employees of MHP during this audit.

Sincerely,

Charles S. Gilham

SCOPE OF EXAMINATION

The DIFP has authority to conduct this examination pursuant to, but not limited to, §§374.110, 374.190, 374.205, 375.445, 375.938, 375.1009, RSMo.

The purpose of this examination was to determine if the Company complied with Missouri statutes and DIFP regulations pursuant to Missouri's First Steps program. The primary period covered by this review is January 1, 2006, through December 31, 2008, unless otherwise noted. Errors outside of this time period discovered during the course of the examination, however, may also be included in the report.

The examination was a targeted examination involving the following business functions and lines of business: Equitable claim payments for Early Childhood Intervention Services, "First Steps."

The examination was conducted in accordance with the standards in the NAIC's *Market Regulation Handbook*. As such, the examiners utilized the benchmark error rate guidelines from the *Market Regulation Handbook* when conducting reviews that applied a general business practice standard. The NAIC benchmark error rate for claims practices is seven percent (7%), for electronically submitted health claims is five percent (5%), and ten percent (10%) for other trade practices. Error rates exceeding these benchmarks are presumed to indicate a general business practice contrary to the law. The benchmark error rates were not utilized, however, for reviews not applying the general business practice standard.

In performing this examination, the examiners only reviewed a sample of the Company's practices, procedures, products and files related to First Steps claims. Therefore, some noncompliant practices, procedures, products and files may not have been discovered. As such, this report may not fully reflect all of the practices and procedures of the Company. As indicated previously, failure to identify or criticize improper or noncompliant business practices in this state or other jurisdictions does not constitute acceptance of such practices.

COMPANY PROFILE

The Company is licensed by the DIFP under Chapter 354, RSMo, to write Health Maintenance Organization (HMO) business as set forth in its Certificate of Authority. The following information was obtained by the examiners from the Company's web site at:

<http://www.mercyhealthplans.com/about/default.aspx>

“Rooted in the mission of Jesus and the healing ministry of the Church, and faithful to Catherine McAuley's service tradition marked by justice, excellence, stewardship and respect for the dignity of each person, Mercy Health Plans, a member of the Sisters of Mercy Health System, implements and advocates for innovative health and social services to improve the health and quality of life of the communities served, with particular concern for persons who are economically poor. In doing so, we make a difference by touching the lives of those we serve with compassion and exceptional Mercy service.

As part of the Mercy Health Ministry, we honor our Catholic identity and remain faithful to the Church's moral and religious teachings.”

EXECUTIVE SUMMARY

The DIFP conducted a targeted market conduct examination of 14 insurance companies providing First Steps benefits. For Mercy Health Plans of Missouri, the examiners found the following principal areas of concern:

- The Company improperly denied 169 First Steps claims.
- The overall error ratio was 12%.

The insurance coverage mandate for First Steps began on January 1, 2006. This is the first examination targeting First Steps benefits and claim payments.

Examiners requested that the Company make refunds concerning claim underpayments found for amounts greater than \$5.00 during the examination. The Company is directed to take immediate corrective action to demonstrate its ability and intention to conduct business according to the Missouri insurance laws and regulations. When applicable, corrective action for other jurisdictions should be addressed.

This market conduct examination was performed as a desk audit at the DIFP offices:

HST State Office Building
301 W. High Street
Jefferson City, MO 65101

EXAMINATION FINDINGS

I. UNDERWRITING AND RATING PRACTICES

The examiners reviewed the Company's forms filed by or on behalf of the Company with the DIFP.

An error can include, but is not limited to, any miscalculation of the premium based on the information in the file, an improper acceptance or rejection of an application, the misapplication of the Company's underwriting guidelines, incomplete file information preventing the examiners from readily ascertaining the Company's rating and underwriting practices, and any other activity indicating a failure to comply with Missouri statutes and regulations.

A. Forms and Filings

The examiners reviewed the Company's policy and contract forms to determine its compliance with filing, approval, and content requirements to ensure that the contract language is not ambiguous or misleading and is adequate to protect those insured.

The examiners discovered no issues or concerns.

II. CLAIMS PRACTICES

This section of the report is designed to provide a review of the Company's claims handling practices. Examiners reviewed how the Company handled claims to determine the timeliness of handling, accuracy of payment, adherence to contract provisions, and compliance with Missouri statutes and regulations.

To minimize the duration of the examination, while still achieving an accurate evaluation of claim practices, the examiners reviewed a sampling of the claims processed. The examiners requested a listing of claims paid and claims closed without payment during the examination period for the line of business under review. The review consisted of claims from First Steps providers with a date of closing from January 1, 2006, through December 31, 2008.

A. Unfair Settlement and General Handling Practices

Examiners reviewed the Company's claim handling processes to determine compliance with contract provisions, adherence to unfair claims statutes and regulations and compliance with First Steps statutes and regulations. Whenever a claim file reflected that the Company failed to meet these standards, the examiners cited the Company for noncompliance.

The examiners reviewed denied claims for adherence to Missouri's First Steps mandated benefit. For the following reviews the examiners eliminated claims that were subsequently paid and those that did not involved the parameters specified. They reviewed records to determine that the Company's claims process is fair, reasonable, prompt and equitable according to the laws and regulations of Missouri.

The examiners asked for the computer processing specifications that control the requirements and payment levels for handling claims. The Company provided information and contracts related to claims clearinghouses and claim processing procedures.

Field Size: 1,091 total
706 claims incurred pre-8/28/2007
385 claims incurred post-8/28/2007

Number of Errors: 133 total
97 claims incurred pre-8/28/2007
36 claims incurred pre-8/28/2007

Percent of Errors: 12% overall
13% of claims incurred pre-8/28/2007
9% of claims incurred pre-8/28/2007

Within Dept. Guidelines: No

The examiners noted the following exceptions during their review:

1. Improperly Denied Claims

A. Files indicate that the Company wrongfully denied claims that, according to reasons provided by Company, were improperly coded. These claims contained a denial code of "AA030," "XSERV," and "NPOS." The codes represent "Separate procedure-payment included with major service", "Possible excluded service. Requires review" and "After med review no medical necessity indicated." Such codes represent a determination of medical necessity or diagnosis.

Reference: §376.1218.4, RSMo, and 20 CSR 400-2.170(4)(C)3.C

The 62 claims applicable to this error are found in Appendix A. The claims containing these denial codes have been re-processed and paid by the Company

B. Files indicate that the Company wrongfully denied claims that, according to reasons provided by Company, were improperly coded. These claims contained a denial code of "OONC." This code represents "Out-of-network services must be prior authorized." Such a code represents a participating provider other than First Steps.

Reference: §376.1218.4, RSMo, and 20 CSR 400-2.170(3).

The 36 claims applicable to this error are found in Appendix A. The claims containing these denial codes have been re-processed and paid by the Company, and are not counted in the error ratio.

- C. The Company underwent a change in their claims system during the examination period. Files indicate that the Company denied claims because of “claims check edits: 801, 828, 826, 829, 809” and 203. The Company indicates that “claim check edits” are not specific to any denial of service or benefit. The Company stated “these edits will be disabled and the claims will be reprocessed and paid.”

Reference: §§ 376.383.9, 376.1218.5, RSMo, and 20 CSR 400-2.170(4)(B)

The 64 claims applicable to this error are found in Appendix B. The Company has re-adjudicated the claims as stated.

- D. Examiners discovered that payments for seven claim files were wrongfully denied because the Company felt the charges exceeded the First Steps provider Medicaid rate published by DESE or because the CPT or HCPCS code was not disclosed or priced by DESE. The Company initially denied such claims with a code of 809, 150 or CODES to describe the non-payment of CPT “E1399” or certain HCPCS “L” codes. Therefore, the Company did not pay these claims at the applicable Medicaid Rate.

As advised by DESE and Mo HealthNet, the applicable Medicaid rate and applicable provider manuals are related to the HCY/EPSTDT program and discussed in 13 CSR 70-70.010. Subsection (5) of this regulation states “Reimbursement. Payment will be made in accordance with the fee per unit of service as defined and determined by the MO HealthNet Division.” The Mo HealthNet Therapy Manual indicates that POS codes may “have a higher...maximum allowable amount.”

Reference: §§160.900, 208.144, 376.1218.4, and.5, RSMo, and 20 CSR 400-2.170(3)(B) and (4)(E)

The seven claims applicable to this error are found in Appendix C. These claims have been re-processed and paid by the Company.

III. CRITICISMS AND FORMAL REQUESTS TIME STUDY

This study is based upon the time required by the Company to provide the examiners with the requested material or to respond to criticisms. Missouri law requires companies to respond to criticisms and formal requests within 10 calendar days. Please note that in the event an extension was requested by the Company and granted by the examiners, the response was deemed timely if it was received within the time frame granted by the examiners. If the response was not received within that time period, the response was not considered timely.
